AN ARMY WEDDING.

Washington, D. C., April 30.—The marriage of Miss Constance Mills, daughter of General and Mrs. Anson Mills, to Captain Winfield Scott Overton, U. S. A. was celebrated at noon today at the family home in Dupont Circle. Following the ceremony there was a wedding breakfast at Rauscher's. Captain Overton has been ordered to the Presidio of San Francisco, and will take his bride to his new post.

COLLISION

Results in the Death of Three Passengers

And Injury of a Dozen More. A Party of Delegates Escape With Shock.

Terre Haute, Ind., April 30.—The second section of the New York and St. Louis express No. 21, on the Vandallia, was in collision with a switch engine a few miles east of the city last night. Three persons were killed and a dozen injured, but only one seriously. Baggage-master Nicholas Lutz, a long-time trainman, and two passengers in the first coach were instantly killed in the crash which piled the coach on end and wrecked the buffet and a Pullman following. There were no mail cars or a baggage car. Five fully occupied Pullmans, in addition to the three cars wrecked, were in the train. One of the dead passengers had books and papers in his pocket indicating that his name was Clarence Reinhardt, of Columbus, Ohio, and from what can be learned, his companion, an older man, who was killed, was Alexander McMullen, also of Columbus, Ohio.

Attended by Surgeons. Joseph C. Harder, of 822 Bradshaw street, Indianapolis, is the most seriously injured of those to whom the surgeons gave their attention. He is a brother-in-law of Lutz and was sitting with him. The others injured were:

George Markle, of Terre Haute, a mail clerk on the Pittsburgh, St. Louis run, who was going home.

Frank Meyer, fireman of the passenger.

Pat Bailey, of Terre Haute, engineer of the passenger.

John Peters, H. L. Doherty and John Lamed, of Williamsport, Penn.

Mrs. Joseph Delanty, St. Louis.

J. K. Rinear and G. W. Gill, Philadelphia.

S. Hurley, Richmond, Ind., chef on the dining car.

George K. Sample, Columbia, Penn.

Mr. and Mrs. C. M. Fairchild, El Paso, Texas.

Mr. and Mrs. Fairchild were married in Indianapolis yesterday.

Fifty Miles an Hour.

The switch engine, believing No. 21 had passed, pulled on to the main track, just as the heavy passenger train was approaching at a speed of 50 miles an hour. He reversed his engine, and Engineer Bailey put on the air brakes, bringing the passenger train down to a speed of 25 miles at the moment of the collision. The passengers in the Pullmans were thrown from their seats by the application of the brakes, and few felt the shock of the collision itself. Engineer Meyer of the switch engine and his fireman jumped and were not hurt. Engineer Bailey and his fireman, named Meyer, jumped, and while they sustained injuries, their cars are not alarming.

Attached to the train was a special car carrying a party of 27 from Philadelphia to the National Y. M. C. A. convention at Topeka, Kan. Another car carried the New Jersey delegation to the Louisiana Purchase Exposition dedication. None of the members of either party was injured.

Chicago Stock Market.

Chicago, April 30.—Cattle 10,000, slow, steady to 10 cents lower; hogs 30,000, active, 5 and 10 cents higher; sheep 3,000, strong to 10 cents higher.

NOBLE SCIONS.

New Haven, Conn., April 30.—Nearly every state from Maine to California is represented at the National Congress of the Sons of the American Revolution which opened in New Haven today. This evening the delegates are to be entertained at an elaborate banquet at which President Hadley, of Yale, and other men of prominence will speak. Tomorrow, a new president of the society, will be chosen to succeed Edwin Warfield, of Baltimore, who has declined a reelection. The business sessions of the congress will continue until Saturday.

LOADED

With Money Presented by Title Seeking Americans

The Earl of Yarmouth Sailed Away Down the Bay Smiling at Disgusted Creditors.

New York, April 30.—In a cloud of United States greenbacks, ready to pay any of the numerous claims of creditors who threatened to interfere with his departure, the Earl of Yarmouth and his bride, who was Miss Alice Thaw, of Pittsburgh, sailed for home to day on the American Line steamship, St. Paul.

Notwithstanding his possession of great quantities of ready money, the British nobleman was decidedly uneasy until he felt the vibration of the big liners propellers and saw the pier recede. The presence of Deputy Marshals at the pier was disquieting. The Earl said to the newspaper men:

"I wish you'd say that it's all right—that I am marrying for money. I've married the finest, sweetest little woman that ever set feet on English or American soil. I'm proud of her."

"I shall remain in England until October. Then I shall come back to America."

The Marquis and Marchioness of Hertford, the parents of the Earl of Yarmouth, and Lady Jane Seymour, his sister, who came over to attend the wedding, sailed for home today on the White Star Line steamship Celtic. On board was also A. J. James, the family lawyer.

The bride's brother, Edward Thaw, spoke freely of the Earl today, after the latter had sailed, and his relations with the family.

"Now, that he is gone," said Mr. Thaw, "I am glad that this nine days wedding of a wedding is over. The notoriety has been disgusting to the other members of the family. I did not attend the wedding for personal reasons."

"I never saw Yarmouth in my life, and all I know of him is his record. I know he has the reputation of never paying his debts, and of being wild. For that reason I did not want my sister to marry him. If he braces up the Thaw family will receive him."

"It takes more than a year to test the ability of a man's control of himself."

In a statement published by the mother of the countess of Yarmouth she explains that her daughter, before her wedding, without suggestion from the Earl or his family, allotted a small complimentary fraction of her income for his use, but nothing like what at various times has been stated.

BRITISHER

Of Distinction Captures an American Daughter.

New York, April 30.—One of the interesting weddings of today was that of Miss Marion Hopkinson Smith, daughter of Mr. and Mrs. F. Hopkinson Smith, to Heron C. Goodhart, third secretary of the British embassy at Constantinople. The ceremony was performed this afternoon at the church of the Incarnation, and was followed by a large reception at the home of the bride's parents.

PLAGUE IN INDIA.

Bombay, India, April 30.—Deaths from plague are becoming enormous. The mortality throughout India now exceeds over 30,000 a week.

DISASTER CAME IN AWFUL FORM.

ITALIANS

In Boston Frightened by Demands of Mafia Members

Who Seek to Raise Funds to Defend the Perpetrator of the Barrel Murder.

Boston, April 30.—Seven Boston Italians called at police headquarters last night to beg for protection against the Mafia, by which they claimed to have been ordered to contribute to the defense fund in the New York "barrel" murder case. Inspectors have been sent to the Italian quarter to make investigations.

Each of the foreigners who was at headquarters today showed a letter dated April 25, New York. The letters had been mailed Monday and received this morning.

The letters told them that everywhere they went they were marked men; that the eye of Mafia was on them always; that they were as good as dead if they did not send the required money immediately. The letters were signed with a Latin name. The Italians who received the letters are not members of the order, but say they know of an Italian in their district who is. This alleged Mafia man may be arrested by the inspectors if he can be connected with the threatening letters.

SPRING LAMB

Of the Western Crop Paid for All the Fun.

Choice Bits of Sarcasm Indulged in by Prosperous New York Stock Brokers.

New York, April 30.—Ices served in miniature stock tickers, and menu cards which will make the author famous, were the chief features to-night at a banquet given at the Metropolitan club, by former presidents and present governors of the stock exchange. A dry toast, overlapping the menu proper, contained the following warning:

"Your committee on unlisted securities, begs to report that the following securities have been admitted to dealing:

Lifting the fly leaf, the diners read as follows:

Clams, Long Island.
Soups, American Can common.
Brook trout, American Fisheries common.
Vol-au-vent mushrooms, International at Power.
Spring lamb, Northern Securities.
Sorbet, American Ice preferred.
Pate de foie gras, Frankfurt fours.
Spagh chicken, Virginia, Carolina Chemical preferred.
Salad, Standard Oil.
Cheese, Smeiters preferred.
Crackers, National Biscuit Co.
Ices, New York Quotation Co.
Fruit, United Fruit.
Whisky, Distilling Co., of America.
Water, Railway Steel Springs.
Cigars, Havana Commercial.
Long Island was delivered promptly at 8 o'clock; Havana Commercial was offered at 11.

The toastmaster was Lewis Cass Ledyard, and about him, at an egg-shell table, beautifully decorated with roses and lilacs, sat 43 guests.

COURT CHANGES.

Washington, D. C., April 30.—A number of changes were made today in the personnel of the supreme court of the District of Columbia, consequent upon the retirement of Chief Justice Edward F. Blagham. Justice Calabagh succeeded to the chief justiceship, and in turn was succeeded as associate justice by ex-Senator Peter C. Pritchard, of North Carolina. The new chief justice, Harry M. Claiborn, was formerly general of Maryland and was appointed to the supreme bench of the District of Columbia by President McKinley in 1899.

Mining Town in British Columbia, Is Threatened With Destruction.

What Was at First Thought to Be a Volcanic Eruption, but Later Said to Be an Explosion From Coal Gas or Damp, Killed About 200 People.

Vancouver, B. C., April 30.—Overwhelmed before daylight yesterday by countless tons of rock hurled from the top of Myrtle Mountain by an eruption, as yet unexplained, which killed 95 or more persons, Frank, a mining town in southwestern Alberta, is tonight threatened with destruction by flood.

Old Man's River, which flows through the middle of the town, is dammed with the fallen rocks to the height of nearly 100 feet.

The waters of the river are backed up for miles, and the entire valley above Frank is flooded.

A big body of water is pressing with force against the dam. Should the water burst from the impromptu dam the entire town probably would be swept away.

The Whole Valley Shaken.

A dispatch from Frank says: "A tremendously loud reverberation shook the whole valley of the Old Man's River this morning at 4:10 o'clock, and before the inhabitants had awakened to a realization of the impending danger, from the top of Turtle Mountain there were hurled millions of tons of rock."

The Frank mines, operated by the French Canadian Coal Company, across the river from the town, were seen to be buried under hundreds of feet of rock just as the morning light was breaking. Inside of five minutes from the first thunder shock, and before half of the town realized what had happened, a small force of men had started to the relief of the miners, despite the great risk they ran of being buried under the rocks, which were still being precipitated from the lofty mountain top.

Not a Man Escaped.

The volunteer relief force was unable to get into the mine, but managed to get near enough to determine that not a man at the works had escaped death. Many had been mangled. The disaster was merciful to those who were employed above ground in that they must have been killed instantly, while those in the workings of the mine may yet be alive if they have air to breathe. If all the air shafts to the mine were closed under the avalanche all the men must be dead. The disaster was not confined to the vicinity of the mine alone, for many of the dwelling houses in the town of Frank were demolished by the falling rock. Some of the occupants of these houses escaped death, but many others were instantly killed.

It is conservatively estimated that the loss of life will reach 100, and the latest returns place the number of dead at 95.

It was impossible to arrive at any accurate estimate of the loss of life.

BAD BAER

Refuses to Talk About What Will Incriminate

But Frankly States That the Coal Combination Will Put Price Up If Possible.

New York, April 30.—During the investigation of the Interstate Commerce Commission into the complaint of Wm. R. Hearst against the anthracite coal carrying roads, President Baer, of the Philadelphia and Reading, was again called, and in the course of his examination, was asked by Attorney Shearna, if there was anything to contracts which he declined to produce that "would degrade and incriminate" him.

"I decline to answer that question, because it is insolent. There is nothing in any contract I have ever made, that makes me the criminal you

as owing to the excitement and hurry and rush of people on the streets, no person can say who is missing, and who is not. There are no records available which will tell how many men were working in and about the mine at the time of the disaster. It is variously reported that there were from 18 to 50 miners under ground. It is known that many women and children suffered death, but just how many, it is impossible to tell at present.

When reports concerning the magnitude of the disaster and details concerning it, began to come in from trustworthy men, it transpired that the earth had opened for three quarters of a mile in length, and for many feet in width, and that the whole northern face of Turtle Mountain had slipped from its place.

Dwellings are Unsafe.

The shock resultant upon the precipitation of the tons of rock into the valley, while actually demolishing few of the houses, so shook the foundations of most of the dwellings in the town that they are unsafe to live in, and many people will have to live in the open air or under such temporary shelter as may be procurable. The railroad track for a distance of two miles or more east of the station, covered with from 10 to 40 feet of rock, and the telegraph wires are all down. All communication is over one wire running west, and this line is so blocked with private messages and inquiries from the outside that it is only with the greatest difficulty that press matter can be sent out.

Today the rock is still falling on the town from Turtle Mountain, and it is dangerous to venture within half a mile or of the mine workings.

LATER DETAILS

Say the Catastrophe is Worse Even Than at First Reported.

McLean, N. W. T. via Vancouver, April 30.—It is now feared that the loss of life in the catastrophe at the mining town of Frank, yesterday, will reach 175. Only 15 persons escaped and it is thought all others have gone to their death. The accident was not due to a seismic disturbance but was caused by an explosion in the Canadian American Coal & Coke Company's mine, the president of which is H. T. Frank, of Butte, Mont., the copper millionaire. Officials incline to the opinion that what has taken place is a terrific explosion, either entirely of coal dust or of gas and coal dust combined. The debris is piled up for a distance of a mile and a half and in some places rock is 200 feet deep. The water of the creek is being backed up and is causing a flood. The town is practically wiped out.

client published me as being, and he cannot come into court and insult me. You are not a gentleman, or you would not insult me."

"I ask the court to rebuke the witness," said Mr. Shearna, turning to the commission.

The Commission declined to rebuke Mr. Baer.

Asked why the men were locked out of the mines, Mr. Baer said:

"They refuse to work unless we give for seven hours' work the pay for 10 hours' work and we are not going to do it."

"But you have fixed the rate at \$4.50 a ton?"

"Yes, and on May 1, I am going to advance the price 10 cents and thereafter work it up to \$5. That will be a fair price and will give us a good profit. It I can't get that price I'll have to come down. If the market will take it at so the price will not be reduced."

Grain and Pork.

That the spring work is beginning in earnest, is clearly evidenced by the number of completions that are reported from various parts of the Buckeye field, and if the present week is as productive of good results as has been the case up to this time in the month, there is no doubt but that the figures for new production in this state, will be up to a very gratifying mark.

Allen county is furnishing a few good wells of late, and one of the best of recent completions is reported from section 2, of Marion township. It is the property of the United States petroleum Co. and its No. 13, on the Jas. Ford farm. The production for the first 24 hours after the shot was 50 bbls. This same company has finished up No. 14 on this farm, with an initial output of 20 bbls., and No. 15, which is ranked as a 35-barreler.

Up in the northeast corner of this township, section 20, the same company has completed No. 7 on the J. A. Good farm, and it is credited with a better production for the first day, than any of the company's new ones. It produced 50 bbls. of the fluid during the first 24 hours after the shot.

In section 12, directly west of Eldia J. O. Hoover has a 10-barreler in No. 3 on the S. Stemen farm. The Ohio Oil company has a fair producer in No. 4 on the J. G. Brennenman farm, in section 16, it having made 40 bbls. the first day. In Spencer township, section 12, H. S. Smith has a 20 bbl. pump in No. 4 on the Jacob A. Keith property.

Mack Bros. have completed their initial well on the D. Doetz farm, located in section 28, Amanda township, and it is credited with a production for the first day of 18 bbls.

Three light ones are the sum total of newly completed wells in Surar Creek township. Cheavont & Strickland's No. 3 on the D. B. Meyer farm, in section 2, made 22 bbls. Roth,

Arue & Co., have completed No. 1 on the Fred Peters farm, with an initial output for the first day of 18 bbls. J. C. Mastic & company have a 12-barreler in No. 3 on the E. J. Davis farm, in section 34.

Over in the Richland township, development, about one and one-half miles northeast of Beaver Dam, the Adams & Sarber Oil company has finished up a first class producer on the M. J. Yerger farm, in section 28, with a production for the first day of 15 bbls. Shull & Broden were not so fortunate in their No. 1 on the P. Grending farm, in section 26, it being only a 5-barreler.

In Jackson township, section 8, the Okeniva Oil company has a 40-barreler on the G. W. Young farm. It is No. 4. Maize Bros. have completed No. 6 on the F. B. Craig farm, and its production is as low as it could get without being a duster. It made only 3 bbls. the first day.

The Ohio City pool has added another good producer to its list, by the completion of No. 7 on the A. Forney farm in section 30, Liberty township, about a mile southwest of Dull P. It had a production for the first 24 hours after the shot of 90 bbls. This property is near the Wert Aker farm, and about a mile south of the Dickson and Putnam farms, and is operated on by the Ohio Oil company. In this section the Ohio Oil company has completed two other wells but they are no better than salt water pumps. One is on the M. King farm, the company's No. 2, and the other its No. 1 on the J. Weinman property.

In section 27, a mile and one-half south of Ohio City, McDonald, Ahrens & O'Dell have a nice producer in No. 6 on the A. Miller farm. It is credited with a production for the first day of 50 bbls. In section 34, just south of this, the same people have a 40-barreler on the W. H. Ayers property. It is No. 5.

The York Ridge Oil company has completed a very good well on the Rufus Deprey farm in section 4, York township. It produced 60 bbls. the first day, without being touched up with a shot. It is No. 8. The Clover Leaf Oil company has finished up No. 1 on the C. W. Ulrich property, in section 5, but the result has not been such as to encourage a further puncturing in this neighborhood, as it failed to produce any of the oleaginous fluid. The Cambrian Oil company's No. 2 on the H. Roberts farm, in section 14, has not made much of a showing yet, but it is producing its share of the briny fluid, and there is some hope that it will make a producer.

In York township, section 8, G. H. & L. C. Van Cleave have completed No. 5 on the Geo. W. Taylor farm, and it is classed as a 15-barreler. The United States Petroleum company has another 5-barreler to its credit by the completion of No. 8 on the J. Unrath farm, in section 35, Ridge township.

In section 3, Union township, Mercer county, Emerson & Stettin have completed their first well on the R. Severs property, with a 10-barreler as a result. In section 10, the Hudson Oil company's No. 4 on the Jacob Vocum farm, made 18 bbls. the first 24 hours after the shot. McMullen & company's No. 2 on the L. W. Price

Hancock County Work.

One of the best wells of recent completions in Hancock county is that of the Buckeye-Wolverine Oil company on the Ed. Carls farm, in section 28, Orange township. It had a natural output for the first day of 100 bbls. The Cambridge & Lima Oil Company's No. 1 on the Jno. Matters farm in the same section, made 30 bbls. during the first 24 hours after the shot.

Mitchell & Smith have completed No. 5 on the G. Henry farm, in section 29, and it is a 5-barreler. The Hazlett Oil company's No. 1 on the E. J. Wolfley farm, in section 22, is credited with a production for the first day of 12 bbls.

Up in section 2, the Amity Oil company has finished up No. 13 on the E. V. Wyssbrod farm, with an initial output of 5 bbls. Across the line in Union township, section 32, G. Lewis has completed his first well on the Barbara Bowman farm, with a capacity of 5 bbls.

In the south Findlay development, section 24 on the Liberty township side, the Elcho Oil company & Black have completed No. 2 on the Mary McKesson lot, and have a 30-barreler. In the same section the Ohio Oil company has finished up No. 3 on the Barnd fee property, and it is also good for 30 bbls.

In the north Findlay pool, section 12, the Ohio Oil company has just finished up a well which is a credit to any locality. It is No. 23 on the Wm. Renninger property, and started off with a production for the first 24 hours after shot of 75 bbls.

Over in section 24, Marion township, Theobald, Shaffer & Davis have finished up No. 1 on the L. Goodman farm, and it is classed as a losing venture. There was no showing of oil in the well. In section 3, same township, the Trenton Rock Oil & Gas company's No. 24 on the V. H. Coons property is good for 30 bbls.

In the northern Hancock county field a number of good wells have been completed of late, and this section will undoubtedly witness much new work during the next couple of months. In section 7 of Allen township, D. O. Dyer & company have finished up a very good producer on the Henry Overholt farm, and its production figure is a little higher than was expected from this well a few weeks ago. When drilled 122 feet in the sand the well made a number of small flows over the derrick, and it had all the marks of being a hummer. When a tank was moved in and it was started pumping, the showing was not as good as the preliminary flows had given the owners encouragement to expect, for when 20 bbls. had been pumped it was all in. It was then drilled deeper, and during the first pumping since completed made 75 bbls. It is about one-half mile north of Van Buren. In section 1, about two miles northwest of Van Buren, the City National bank, trustee, has completed No. 7 on the A. Aussenbaugh farm, with a 50-barreler as a result.

In Cass township, section 35, the Peoples Oil & Gas company has finished up No. 1 on the E. Ross farm, and it is a 20-barreler. In section 34 of the same township, J. W. Knox and company have a 40-barreler in No. 7 on the Amanda Norris farm.

Mitchell Bros. have finally completed No. 6 on the Jacob Mitchell farm, in section 27, of Portage township, and it made 40 bbls. the first 24 hours after the shot. Drilling had been started for this No. 6 well about ten feet from the present location, but it was necessary to move the rig on account of a crooked hole.

SOME POINTS

Determined on by the Newly Elected City Solicitors.

They Will Meet at Put-in-Bay in July to Tell Their Troubles.

The city solicitors closed their session in Columbus for the consideration of complexities in the code, last night, after having perfected a state organization, and arranging for an annual meeting at Put-in-Bay, at which they can further discuss their troubles.

The following findings were reported by the finance committee:

General payroll ordinances will not be passed by Council. The only payroll ordinance Council will be authorized to pass will be those for its own officers and members.

Tax levy ordinances this year must conform to all provisions of the code, applying after it goes into effect on May 4.

Council must provide by levy for wiping out any deficiencies created the previous year.

The Treasurer pays out School Board funds on order of the Clerks of the board, and not on order of the City Auditor.

The Board of Public Service has charge of all poor funds.

All officers must be paid their salaries out of their respective funds. That is, the Board of Safety will be paid from safety funds, etc.

Council makes appropriations, and the board in charge applies to the Auditor for warrants to pay salaries and bills. Council has nothing to do with it, making semi-annual appropriations.

The City Auditor will be Clerk of the Tax Commission and Sinking Fund Trustees, but Council may provide for additional clerks for the Sinking Fund Trustees.

The certificate of the Auditor is not necessary in making waterworks contracts if there is money in the Treasury to meet the payment of same.

Waterwork Rents.

Waterworks rent are taken into consideration in making annual tax levies. Balances in waterwork funds go to the extension of the system or payment of bonds. The City Council can make a tax levy this year whether the Mayor submits a budget or not.

Mr. Chase, the expert accountant of the Bureau of Municipal Accounting, asked that all tax levy ordinances passed this year, and hereafter, separate the levy into the four funds created by the bureau. He says it is necessary for this to be done in order to establish the uniform accounting system. These four funds relate to the regular levy of not to exceed 10 mills for city operating expenses and not to special levies. It will be impracticable to put the system of uniform accounting in for this year.

In closing, Mr. Bennett endorsed Chairman Butler's opinion that the present Directors of Public Safety and Police and Fire Commissioners would hold over until their successors - the Boards of Public Safety - qualified. But there was a question as to the power of the old officers which the speaker did not attempt to answer.

"The fewer acts they perform, the better," said he.

THE STAGE.

This evening at the Parrot opera house there will be presented one of those sterling dramas of western life by Sam Morris and his own company.

Mr. Morris' portrayal of the Hebrew character, Moses Levi, has been one of the successes of the season. While the scenes of this drama depicting western life and the many struggles there, they have supremacy, and wealth and is said to be one of the most realistic ever played on the stage.

Mr. Morris' great surprise in this play is his sudden transition from that of a wandering peddler to the defender of honor and virtue as depicted in the great scene and his ultimate triumph over Josephus, the villain in the play. As usual in this style of play, "All's Well That Ends Well."

The Goes Company will present "A Hidden Crime" at the Parrot opera house on tomorrow evening. "A Hidden Crime" has received the highest praise from the press of all cities visited this season. The scenery has come in for special mention, by the critics. Especially the Rose Garden with its beautiful flowers and its electric fountain and the golden gate harbor. The company is a very strong one headed by Mr. John P. Lockney and Miss Pauline Fletcher. "A Hidden Crime" is a romance of the Pacific coast and depicts high and low life in San Francisco.

LIMA MAN

Weds a Charming Young Lady at McCartyville.

Miss Ella Hannan the Bride of Mr. Joseph Heffernan. Wedding Occurred This Morning.

At the Catholic church in McCartyville, Shelby county, at 8:30 o'clock this morning, nuptial mass was celebrated attending the sacred ceremony that united Mr. Joseph Heffernan, of this city, and Miss Ella Hannan, of McCartyville, in wedlock.

The impressive ceremony was witnessed by many of the friends and relatives of the bride and groom, both of whom are quite well and favorably known in this city. Mr. Heffernan is a former member of the police department, who has been employed on the south side for some time, and his bride is a very estimable young lady. Best wishes and congratulations are extended by all who know either or both of the happy couple.

After the wedding, Mr. and Mrs. Heffernan left McCartyville today for a visit at Toledo and Detroit, and upon their return to this city, they will be at home to their friends at 51 North Jackson street.

Mr. and Mrs. Patrick Heffernan and Miss Sadie Taffinger, were among those from this city, who were present at the wedding this morning.

UNION MEETINGS.

An interesting and profitable service was held at the Spring street Lutheran church, Wednesday, at 9:30 a. m. A testimony meeting was held in which every one took part. A number of the ministers took occasion to speak of the very great blessing they had received from the meetings, and the help and encouragement the meetings would be to them in their future work. Major Cole exhorted those present to rally around their pastors after the meetings had closed, and be constantly active and aggressive in their Christian service. Personal hand to hand work, was given from incidents in the present meetings of what large results had grown out of small beginnings from personal work.

The meeting was held at Solarville at 2:30, with interest and profit to those reached in that part of the city.

The feature of the evening meetings held at Grace M. E. church, is the increasing number of personal workers. If at the beginning of the meetings, such a force of personal workers had been at work, the results might have been much larger. Thirteen were reported as accepting and confessing Christ, in the last 36 hours. Major Cole announced that the meetings would close Sunday night.

THE BEST COLD CURE

is one you can take without interrupting to business. One that does not affect the head or hearing. Like the continued use of quinine. One that cures speedily and leaves you feeling fresh and clear-headed. Such a one is Krause's Cold Cure. Price 20c. Sold by Wm. M. Melville.

Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish form after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of Mother's Friend before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this liniment, will be sent free.

To California Through Colorado

By all odds the most intensely interesting way to California is through Denver and Salt Lake City, past all the magnificent Colorado scenery by daylight, and around Cape Horn on the Sierra Nevada. Another thing about this route is its peculiar freedom from severe storms and washouts which cause vexatious delays. Generally the sun shines clear and bright all the way. Our Personally Conducted Excursion parties from Chicago and St. Louis go that way every week. Ask your nearest ticket agent about them, or send to me for one of our folders describing the trip.

SHE ORDERS HIS CLOTHES.

And Takes Great Pains to Have Her Husband Properly Dressed.

The wife of a man who served with distinction as a cabinet officer during a recent administration entered a tailor shop near Fifth avenue a week ago and said to the proprietor:

"I am Mrs. So-and-so, and I don't suppose that women come into your shop very often."

"A good many women help their husbands to select their clothes," said the proprietor.

"Well, I am glad to hear that," said the woman. "I have bought my husband's clothes for him ever since we were married, and if I did not look out for them he would not have any clothes. He never thinks of them. Didn't even when he was in Washington, though he was always properly dressed. Now I want some spring clothes for my husband. I will select the samples for three suits, and I will tell you just how to make them. When my husband comes to get measured, don't pay any attention to his orders about the clothes if he gives any. If he ordered his own clothes, he would not be suited anyway."

The proprietor found that this woman knew as much as the average man about men's clothes, and he accepted her directions. On the following day, when her husband came in, the proprietor recognized him from his pictures and said:

"Mr. So-and-so, your wife selected goods for three suits of clothes for you yesterday, and if you will step back I will show you the patterns."

"Young man," said the ex-cabinet officer, "I would not dare to interfere with my wife's selections. Just take my measure as quickly as you can and make the clothes as directed."

After the measurements had been made the ex-cabinet minister hurried out without asking what style of suits had been ordered for him. - New York Sun.

SHE RAISED THEM.

A Georgia Widow's Recipe For Bringing Up Her Sons.

During a visit to the army camp in Savannah General Joseph Wheeler was entertained by a party of northern men at the De Soto. When in the good humor of after dinner cigars, one of the men said laughingly:

"How is it, general, that the sleepy farms of the south produce such whirlwind fighters in such small packages?"

"Well, gentlemen," said the little general, puffing at a large man's cigar, "I believe I'll have to give you the answer in an old 'cracker' woman once gave me when I asked her a similar question. Not many years ago I had occasion to make a saddle journey through the pine barrens of Georgia, where most everybody is a 'cracker' and mighty shiftless. One day, however, I rode into a little community that showed such signs of thrift as to be quite out of keeping with the general character of the barrens. I do assure you, gentlemen, I rode up to a cabin where a stout old woman stood in the doorway, and asked her who owned these little farms that were so well kept."

"That farm on the left belongs to my son Jabez," said she, "and the next one to my boy Zallim, and the next to my lad Jason, and the next is my boy Potiphar's place, and..."

"Hold on, sister, said I. 'How did you manage to raise such a fine lot of boys way out here in the woods?'"

"'Waal, stranger,' she answered, 'I am a wildy woman, and all I had to raise 'em on was prayer and hickory, but I raised 'em powerful frequent!'"

Of Frank Myers Passed Away

In South Lima

Social Events Claiming Attention.

Frank Leffler Murderously Assaulted on South Main Street.

Ladies Aid Society of Beulah M. E. Church Recognized and a Corps of Officers Elected at Yesterday's Meeting.

Ruby Gale Myers, the seven year old daughter of Mr. and Mrs. David Myers, residing at the corner of Second street and Forest avenue, died this morning, after an illness of three weeks duration from typhoid fever.

Funeral services will be conducted at the United Brethren church tomorrow afternoon at one o'clock. Rev. Ballenger, officiating.

Interment will be made in the cemetery at Waynesfield.

Cutting Affray.

A somewhat mysterious cutting affray occurred on south Main street, near the market house, last night about 8 o'clock, and as a result, Frank Leffler, of 623 south Central avenue had a very narrow escape from almost instant death.

All persons involved in the affair that nearly terminated in murder, are exceeding secretive, and only meager details can be learned, and so far the name of the boy who handled the knife with such terrible effect has been successfully suppressed.

It seems that Leffler and his antagonist engaged in an altercation during which the former was badly cut upon the right side of the throat. The physician who dressed the wound says the wound began just below the chin, and extended along the jaw, to a position behind the ear, where the instrument causing the laceration penetrated to quite a depth, inflicting a wound, which if it had been the slightest bit deeper, would, in the opinion of the doctor, have caused death.

This morning Leffler filed an affidavit in Justice Mower's court but as the case will not be heard until the return of Mayor Rogers, the name of the assailant and the nature of the charge preferred is not made public.

Society Meets.

The Dorcas Society will meet with Mrs. Stranahan, of 623 south Main street tomorrow afternoon. A business and social program will be the order of the affair.

Church Social.

A musical and literary entertainment was rendered at the south Lima Church of Christ last night. Attendance was large, patronage liberal and the evening enjoyable.

Woodmen Meeting.

The woodmen of the World, will hold a social session at their lodge room, Saturday evening.

Dr. R. V. Dickey, of south Main street, will deliver an address.

Elected Officers.

At a meeting of the ladies of Beulah M. E. church, on Second street, yesterday, the Aid Society was re-organized, the following officers being elected:

Mrs. Burgett, president; Mrs. Vorhees, vice-president; and Mrs. Arnold, secretary.

Satisfactorily Settled.

After thoroughly considering the matter, the management of the Lima Locomotive Works, decided not to inaugurate the new scale of piece work as contemplated.

Tuesday evening the employees in the different departments effected, held a meeting in the assembly room of the court house, at which it was decided to discontinue work in a body, if the new arrangement was insisted upon.

Yesterday morning the men were informed the new regulation would not be adopted for the present at least. This was satisfactory to the workmen and affairs are progressing at the institution as if nothing had happened.

Bicycle Accident.

John Speese, a young boy residing with his parents in the Hetrick block, was run down and painfully injured at the corner of Main and Circular streets yesterday evening. The lad was taken to the office of a physician in the vicinity where his injuries were

New Positions.

Henry Keller, until recently engaged in business on south Main street, has taken employment with the American Cigar Company at the corner of Main and Elm streets.

Mr. Keller went to Dayton last night to receive a course of instruction, after which he will return to Lima and assume the duties of foreman in the packing department of the local factory.

Charles Rupart, of Uniolepolis, has taken a position with his father, engaged in business on south Main street.

Important Meeting.

Citizens of Franklin street are requested to meet at the home of Israel Conrad, 534 Franklin street, Friday evening to discuss the width of the street, and what material shall be employed in paving it.

Every property holder along the frontage has signed the petition to pave and the work will commence as soon as preliminaries are completed.

Mrs. Allie Reichelderfer, of Cridersville, is being entertained at G. H. Tracwell's, at 614 south Central avenue.

Dr. Scott Van Horn, of Findlay, is a visitor at J. F. Van Horn's, on McPherson avenue.

A. DeVoe, of Toledo, who has been visiting relatives in this city, has gone to Springfield upon a business mission.

Miss Margaret Crumrine, of south Elizabeth street, has taken a position as book-keeper for the M. D. Lusk company.

Mr. and Mrs. George Solbert, of south Main street, are rejoicing over the advent at their home yesterday, of a baby boy.

Mrs. R. A. Buchanan, wife of Dr. Buchanan, of 518 south Main street, left today for Grove City, Pa., where

she will be the guest of relatives for a few weeks.

Mrs. T. J. Magers returned today from Crawford county, where she attended her brother's funeral and will make her future home with Mrs. J. W. Robertson of west Kibby street.

Mrs. O. W. Sweet and daughter Lucile, of Norwalk, O., arrived here to make a two weeks visit with Mrs. J. W. Robertson, of Kibby street, and other friends before leaving for their future home at Cape Girardeau, Missouri.

DREADFUL ATTACK OF WHOOPING COUGH.

Mrs. Ellen Harrison, of 306 Park avenue, Kansas City, Mo., writes as follows: "Our two children had a severe attack of whooping cough, one of them in the paroxysm of coughing would often faint and bleed at the nose. We tried everything we heard of without getting relief. We then called in our family doctor who prescribed Foley's Honey and Tar. With the very first dose they began to improve and we feel that it has saved their lives." Refuse substitutes.

Sold by H. F. Vorkamp, corner Main and North streets.

JUDGES OF DEBATE

Washington, D. C., April 30.—United States Senator Daniel of Virginia, Controller of the Treasury R. J. Tracwell, and United States Solicitor General Hoyt have consented to act as judges at the debate between representatives of the University of Wisconsin and Georgetown University, which takes place tonight at the Lafayette Square Theatre. Georgetown has the affirmative and Wisconsin the negative side of the question. "Resolved, that compulsory arbitration between capital and labor is expedient." This will be the second contest of the kind between the two universities, the previous one having been won by Georgetown.

Workers in Railroad Y. M. C. A. Circles in Session.

Presidents and Brakemen Touch Elbows in United Effort to Advance the Cause.

Topeka, Kas., April 30.—In the auditorium today presidents and managers of great trunk lines sat side by side and exchanged views with clerks, brakemen, switchmen and other railroad employees; the occasion being the opening of the eleventh International Railroad Conference of the Young Men's Christian association. The rapidity with which the movement has grown in recent years was evidenced by the large and representative audience. More than one thousand delegates were present, representing all branches of the railroad service, from the president of the road down to the humblest employee. Not only were the railroads of the United States represented, but there were delegates from Mexico, Canada, Denmark and other countries where the Y. M. C. A. has gained a foothold.

The session this afternoon marked the formal opening of the gathering. It was given over to addresses of welcome and responses, the roll call, appointment of committees and other work of a routine nature. Tomorrow will be the big day of the conference, when President Roosevelt will be here to address the delegates and also to officiate at the laying of the cornerstone for the new association building in this city.

SECOND Time St. Rose Defeats Lima High

In a Ball Game on the College Campus.

Riley Did His Usual Good Work in the Box and Was Strong at Times When a Hit Was Needed.

The base ball team representing St. Rose Catholic school again put the books to Lima high school yesterday at the Lutheran college campus, and the increased attendance and enthusiasm of the rooters were evidences of the interest taken by the friends of the two organizations.

In spite of two defeats, the very best of feeling exists between the two teams, and while the battle is fierce enough during the game, defeat is accepted gracefully in the hope of getting even on another day.

To compare the work of the opposing players as the game was played yesterday, Lima seems to be faster and more reliable in the field, but this advantage is overcome by the stick work of St. Rose. Riley again proved his effectiveness in the box, and is credited with 15 strike outs. Lima High tried out two pitchers, Ducey and Reid, the former striking out five men and Reid 2. The hits were more evenly divided, but St. Rose put more steam into their's and bunched them together in the fourth inning, when four runs were made. This advantage proved to be greater than Lima High could overcome. The line-up of the two teams was as follows:

Lima	Positions	St. Rose
Jones	C	Shaffer
Ducey, Reid	P	Riley
Baxter	S. S	Boyle
Black	1st B	Kennedy
Miller	2d B	McGoff
Laudick	3d B	Phalen
Figley	R F	Gallagher
Whitmer	C. F.	Vorkamp
Christen	L. F.	Horrigan

The score:

Lima 0 1 0 0 0 3 0 0 0 4 5 3
St. Rose 2 0 1 4 0 0 0 0 7 9 2

Two base hits—Kennedy, Shaffer, Miller and Laudick. Struck out—by Ducey 5, Reid 2, Riley 15. Bases on balls—Ducey 3, Reid 1, Riley 4. Time of game—1 hour and 40 minutes. Umpire—White.

Lima vs Celina.
Lima high school will try its strength against another aggregation Saturday afternoon, when the Celina high school base ball team will come here to play the first game of the season. It is all right to lose to St. Rose, but now that the question settles down to make a showing against rival cities in northwestern Ohio, for the championship, it is hoped the Lima boys will find their strength superior. Piqua will no doubt be in the struggle for honors, and as that city has proven strong in athletics this year, it went down to waste any time getting ready. It would be some comfort to even up for the two defeats in basket ball.

Danger of Colds and Grip.
The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided.

Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by Wm. M. Melville, old post office corner. May 1

MR. BRYAN'S DOCTRINE.

That very able exponent of democracy, the Indianapolis State Sentinel, passes the following comments on Col. Bryan's utterances, at the recent Kansas City banquet.

There is probably no man in the democratic party whose words receive more consideration than those of Wm. Jennings Bryan. For that reason a special interest attaches to his last effort to show that he could kick Grover Cleveland faster than Col. Bryan's son's moments of greatest activity.

The Sentinel does not profess to judge of the merits of this interesting contest between these two prominent party leaders, but it is forcibly struck by Mr. Bryan's words. Mr. Bryan does not speak unadvisedly. He weighs his words. Every one of them carries a meaning. How striking then the thought embodied in this statement which concentrates the sentiment of his whole address on "Democracy."

"I believe in harmony. The democratic bed is wide enough for all who want to come in, but we do not want to sit up nights, to keep certain preachers from picking our pockets."

Observe that we never speak of picking a man's pockets unless he has his clothes on. If he is in bed, and his clothes are off when some one rides his pockets, it is burglary and not pocket-picking. But Mr. Bryan does not use language improperly or carelessly. He means what he says, and the idea he means to convey here, is that the true democrat goes to bed with his clothes on. In other words, he never changes his clothes. The danger that confronts us, from Mr. Bryan's point of view, is that our bedfellows may go through our pockets if we fall asleep.

Of course this is figurative. What Mr. Bryan refers to, is our fighting clothes. We cannot imagine that a man who ever changes his shirt is a true democrat. What he means by clothes is party declarations. When the party takes a position on a question it assumes a garment which no true democrat would ever put off. Forever after it would be worn, night or day, wet or dry, cold or hot. And there are others who agree with Mr. Bryan. There are democrats who are still standing bravely for ancient party positions on the slavery question reconstruction and the removal of the deposits.

There is one advantage in this policy. It always gives a democrat an issue. Others may sometimes lack an issue but the democrat who sticks to all his clothes, can never be without one while history remains. But there is also a disadvantage in the fact that it sometimes makes a superfluity of issues, and diverts attention from the

pressing questions of the day, and causes us to "bear those ills we have" while we enjoy chewing on those we suffered some years previously. There is a satisfaction to some people in getting up to date, and meeting the enemy on the ground where he is located, while others enjoy bombarding the place where he used to be. The Sentinel grudges to no man the indulgence of his tastes. We all get little enough pleasure in this world at the best. But it is inclined to believe that more political victories are won on living issues than on dead ones."

CLARA MORRIS' ACKNOWLEDGEMENT.

Theatre-goers in Lima, have had the exquisite pleasure of hearing Clara Morris, one of America's most charming and notable artists. Like many other talented personalities, there came to her in declining years, the reverse of that public approval accorded her when in the hey-day of histrionic success. Broken in health, and so impaired of fortune that the loss of her home was imminent, there came into her life, that often maligned profession to which she had added credit and fame, the theatrical, and when deepest despair encompassed her, it gave a benefit for her, under the direction of Miss Amelia Bingham, which netted her \$8,000; a sum that will for many months, insure her the comforts of life and save to her a home. In acknowledgement thereof, Miss Morris replied in text, that is worthy the reading of any one, and is here reprinted in full.

Her Letter. Tomorrow—when it will be too late—I will have bright ideas stamping up and down, all over me, crowding my mind with lovely thoughts, but today, I haven't a lovely thought in me. I am just one great, big, personified "Thank you."

It has been often said that in my early life, in my long professional climb upward, no hand was held out to help me. Well, there is truth in that; but now that I follow the descending path, surely no woman in the world ever had so many strong and gentle hands stretched out to steady and support her steps over a dangerous quicksand in the road.

Twice in my life, I have suffered the pain and humiliation of undeserved blame—today I suffer the deeper humiliation of undeserved praise. From British Columbia to California; from Canada to Florida and all the great land between, come letters of encouragement, of prayer of promise, but all written to that Clara Morris of the imagination. These writers speak of an actress whose power made her terrible as "an army with banners," of a woman more beautiful than Mother Nature herself—a sort of cross between an uncrowned queen and a wingless angel. And when I read, I draw the covers up to my cheek, turn to the wall, and laugh a little, that no one may guess I am crying. You see the contrast between the real woman and the imaginary one jumps me—dreadfully!

All my life I have felt a sort of amused wonderment over the people whom I have seen casting their bread upon the waters and then anxiously awaiting its return in time for them to dine. What folly! I cried to myself, to expect such a return even after many days—and so I cast my small crusts far out with a good, strong fling and gave them never a thought—no, not one! And the days and the months and the years have passed and lo, here this wonderful day—all my small crumbs grown into full unbroken loaves have returned to me from the waters of the past, and what is more, all spiced and sweetened by tender memories and kind words and I stand abashed as one convicted with lack of faith.

When I lay prostrate, broken in body and pride, I wondered dully why I who had shed such floods of tears over stage heroines, had no tears for myself. And then two hands were held out almost simultaneously—hands strong to help and warm with sympathy. One was the almost sisterly hand of dear Julia Arthur; the other was my honored Bishop's. Then, oh, eternal feminine, then the storm

broke, and the tears fell! Why, the third act of "Camille" had been a burning, dry Sahara in comparison.

And since then look at these names high in the rushing, tearing business world! high in the social world! Look at these names high in the church—at these names high in my own beloved profession! Look at the great journals that have spoken me more than fair—and think of the real kindness in those hearts that made it possible for such desperately busy people to turn a moment to help—just a woman, who has received a staggering blow! Do you wonder I am personified. "Thank you!"

Will you then, Miss Bingham, to whom I owe already so very much, will you give a message to all those generous people in the Broadway theatre today? I mean it for every soul, front and back from gall to box, from star to call boy—and all that hard-working force of carpenters, scene shifters, electricians, painters, property men—all! all! Please say I wish that each person in that building, their heads upon their pillows tonight, may say: "Without tormenting anxiety, Clara Morris will sleep peacefully tonight, by my aid, and she thanks me!"

Please say this dear Miss Bingham, and may "Amen" be in all your hearts, and God bless us, every one!

CLARA MORRIS

The postal authorities seem busily engaged in selling off the horses that belonged to the get-rich-quick Arnold stables, without paying any attention to the very root of such concerns—the press which advertises their alluring offer of returns to investors. They should be suppressed quicker than the public get-rich-quick.

HARD TO DECIDE.

Frankfort, Ky., April 30.—The jury in the Jim Howard case, which has been out since last evening, reported this morning their failure to agree. The court then instructed the jury to again retire and begin further consideration of the case.

After deliberating for some time, the jury finally returned and announced that Howard had been found guilty and his punishment fixed at imprisonment for life. This is the third time Howard has been tried for alleged conspiracy in the assassination of Governor Goebel. On one first trial he was convicted and sentenced to be hanged and on the second trial he was given a life sentence.

SAY IT IS HARMFUL.

Columbus, April 30.—Governor Nash today approved and gave to the public, a report of the court of inquiry on the prize fight conducted in its armory in Columbus by Battery H, of the Ohio national guard. The court finds and Captain Bush technically guilty of violating the anti-prize fight laws, but let him off without punishment because he had no intention to violate the law. The court recommends that the custom of holding sparring matches be discontinued, being harmful to the guard.

PRISONER

Who Was Arrested For Being Disorderly

Was Afterwards Found To Be Seriously Demented.

Belongs in Findlay, and Will Be Taken There Tonight—W. Haley Arrested for Assault and Battery.

A stranger who gave his name as J. W. Ripley was arrested on east Market street yesterday, by policeman Ferguson, and was locked up on a charge of disorderly conduct. The man was believed to be intoxicated but the fact developed later that he was demented. He was found to be here from that city this evening, to take charge of him.

Wm. Haley, was locked up today on a charge of assault and battery, the complainant being James Place, of east Pearl street. Place and Haley have had troubles previously. Homer Davis, a 15 year old boy, was arrested by officer Schlicher, last night on a charge of loitering. He is said to be one of a crowd of youths who are in the habit of creating disturbances on south Main street near the armory. He was afterwards released, and will be notified, if wanted in mayor's court. Neither he nor Haley have been arraigned on account of Mayor Rogers being out of the city.

C. S. Munson, the tinner, is in town. Leave orders at post office.

BATTLE

Royal Waged by Authorities Against Brothers.

One of Whom Is Charged With Having Committed Murder in West Virginia.

Logan, W. Va., April 30.—News of a terrible battle reached here from the Tug River section today. It occurred late last night between George Harman and a brother on one side and Deputy Sheriff Wilson and half a dozen men deputized by him on the other side. Two of the sheriff's posse were seriously shot.

Deputy Wilson and his men were on the trail of George Harman, who a few weeks ago, it was charged, shot and killed John Newson, of Island Creek. He was seen yesterday for the first time since the murder. Wilson got his men together and went in pursuit and chased Harman to a mountain side where it developed he had built a small fort, almost unapproachable, and near this a moonshine still had, it is alleged, been operated.

Harman's brother was within the little fort also, and the officers met with such a volley of bullets that they were forced to retreat. They put on a brave flight and two of their number were shot before they gave up the conflict. Another posse will go to the fort where last night's battle occurred and again endeavor to dislodge and capture Harman.

Fierce Snow Storms and Cold Winds Increasing in Energy.

Several of the States in the Middle West Are Suffering From a Sudden Cold Snap Which Has Sent the Mercury Down Below Freezing.

Chicago, April 30.—The storm that swept over the Missouri valley Wednesday, is now centered over the upper lake region, and during the past 24 hours it has increased still further in energy. Snow is falling in the lower Missouri and upper Mississippi valleys and the northern lake regions. In the central valleys and gulf states

raius have been general. Unseasonable cold weather has overspread the western states, freezing temperatures being predicted in Wisconsin, Iowa, western Missouri and northern Texas, while in Kansas, Nebraska, Minnesota and the Dakotas, the temperature is several degrees below the freezing point. Indications are that the storm will continue its eastward movement.

EXPLOSION IN POWDER MILL

Results In the Death of Eight Men Today. Fear of Another Greater Explosion.

Holldaysburg, Pa., April 30.—The plant of the Crescent Powder works, owned by Pittsburg capitalists and located on Piney Creek, ten miles south of here, was wrecked by a powder explosion at 5:30 o'clock this morning. Eight men are reported to have been killed in the explosion, including Fisher Lantz and George

Fay, Superintendent Harry Taggart of Pittsburg, fatally hurt.

Later. The magazine and storehouses of the powder factory have not yet let go but owing to the approaching flames of the wrecked plant, it is feared that the greatest explosions are yet to come. In these magazines are stored over fourteen hundred kegs of explosive. Eight men are now known to be dead.

GANG

In the Talons of
the Law.

Will Break Up

The Young Members of
the Skinner Tribe

If the Evidence Adduced Be-
fore the Grand Jury Is
Sufficient to Convict.

Ed. Newland Has Been Arrested
and His Story Will Help Con-
vict Those Who Broke Into
an Erie Freight Car.

There is a promise now of being
able to break up what has been
known as the "Skinner gang" or
simply a bunch of young
men who have been the police in
water for years. The grand jury
into the investigation very thor-
oughly and returned indictment
against several lads who had been
charged with having broken into an
Erie car and stolen therefrom a lot of
clothes.

According to the testimony of sev-
eral witnesses there had formerly ex-
isted an original "Skinner gang," but
most of the members went too far on
one occasion and whitecapped an old
man by the name of Wm. Stell. The
after caused several of the party to
be indicted and three of them were
arrested and sent to the reformatory.
The original gang consists of about 14
boys ranging from 14 to 18 years and
while they haven't violated the laws
for some other occasion, at least so far
as a separate crime might be de-
scribed they are traveling rapidly in
the footsteps of their successors and
now have a fine prospect of going
abroad for awhile.

The complaint of car breaking was
made by Fred Ostermiller, a special
detective in the employ of the Erie
railroad and he supplied the grand
jury with witnesses to prove his ac-
cusation. Ed Newland, who made a
full confession before the grand jury
and gave the names of those who were
implicated with him, reiterated his
statement before the grand jury and
the boys originally arrested are now
being held for trial.

John Donaher, Glen DeLong and
Glen Hall were in jail because of
car breaking episode. Glen Gram
or breaking a lock on a hand car.
The boys put on the rails and
Mr. Newland having held up a stu-
dent and catching his pockets. Car
and Moran were not indicted but
others were and this morning, De-
Long, Gram and up on in the sum-
mer of 1902.

Before the grand jury
presented the statement that Ed
Newland broke the seal on the car
and his companions entered
and found a lot of boxes and after
opening one open by jumping on it
they pulled out several small boxes
filled with pretzels. They were seen
by the act, and with that absolute
evidence together with Newland's
statement, the prosecuting attorney gives
the grand jury a chance to
convict the offenders.

All except Newland denied before
the grand jury that they were New-

land on that day, or had anything
whatever to do with the burglarizing
of the car.

Those living in the vicinity of St.
Johns avenue crossing have been fre-
quently annoyed by this gang of would-
be desperados and the question of
their existence has now come to them
as one admitting of serious doubt.
The boys admit being known as the
"Skinner gang" and to have some
sort of an initiation, which consists
of proving law recruits with a sharp
and stick. If the applicant is able to
stand the pain without flinching, he is
taken into the fold, but if he utters a
complaint, he is not considered of
good enough material to become one
of the gang.

ORIENTAL RUG SALE CLOSSES TOMORROW.

Mr. Simoyan will close tomorrow
night the most successful sale he has
had in Lima. The collection he has at
110 east North street, is the most
comprehensive assortment ever seen
in this state. Lovers of beautiful
household adornments should not fail
to see them.

CONTEST

For MacDonald Medal Closed
With Zellers Winner.

Miller Laudick Wins Gold and Sil-
ver Medal For His Athletic
Powers.

Persons in Lima who are interested
in athletics missed a treat by not be-
ing present at the final contest for
the MacDonald medal, at the Y. M. C.
A. last night. Only a small number
assembled to witness the association at-
hletes battle for honors. A great deal
of interest was shown by the specta-
tors and they gave frequent applause.
As was predicted the Lima associa-
tion record for the potato race of 1
minute and 47 seconds, held by Ro-
bertson, was broken by Miller Laudick
in 1 minute and 43 seconds making the
record now stand at 1 min 41 1/2 sec.
Prof. C. A. Zeller also clipped one sec-
ond from the record making it in the
time of 1 min 40 sec.

Summary of Events.

Light Turned

To Danger Signal as
Train Approached

And Engineer Kersker Was
Too Close to Bring His
Train to a Stop.

Injured Engineer Tells How It
Happened That the C. H. & D.
Train Was Wrecked Near
Toledo Tuesday.

There will be no fatalities as the
result of the wrecking of C. H. & D.
passenger train at Bates Siding, near
Toledo Tuesday evening. Reports
from the bedside of the Lima railroad
men who were injured is to the effect
that they are all getting along nicely,
and will be able to resume their
duties within the next few days.

Baggage-master Scott is better to-
day, and aside from pains and aches,
due to being jostled about by mis-
cellaneous baggage, when his car over-
turned, is not beyond a speedy recov-
ery.

Fireman Maurice Brown who was
perhaps the most serious injured of
all is still in the hospital at Toledo
and his wife went from Lima to re-
main until he is able to be brought
home.

Engineer Kersker who was taken
after the wreck to the home of rela-
tives in Collingswood recovered very
rapidly and came home last night,
accompanied by his wife. Bennett's
ambulance met the train at the depot
and engineer Kersker had the rest af-
forded by an easy cot from the station
to his home on west Wayne street.
Arriving there he refused to be car-
ried into the house and calmly walked
from the ambulance to his bed room.

Before leaving Toledo a reporter
from the Bee was accorded an inter-
view with the injured engineer and
got from him the following account of
the wreck.

There are two points not far from
the crossing of the Terminal and the
C. H. & D. tracks. The first to be
reached by the outlying Toledo train
is called the home light and the
second the home light. They are
about 900 feet apart.

Mr. Kersker says that when he
reached the distance light it showed
as did the home light. Just after he
passed the distance light however
the home light turned red. That
meant that the train had been thrown
from the C. H. & D. track a per-
centage on each passage on the Terminal
track. Mr. Kersker says that the dis-
tance to the home light was entirely
too short in which to stop his train at
the rate it was going, and he knew
that a crash must come. He stuck
to his post, however, and luckily es-
caped death.

Mr. Kersker says that the man in
the tower should have allowed him
much more time. The red light gov-
erns the d. railing switch. Mr. Kersker
explains that more than 800 feet of
warning must be given for a 25 mile
an hour clip.

The tower man told Kersker that
he had thrown the switch in order to
let a Terminal pony engine cross the
C. H. & D. tracks. He told Kersker
he thought there would be time before
the C. H. & D. train came. The train
was then six minutes late.

EXPLOSION

Of Gas Cause Injuries to
Chas. Atkins.

Charlie Atkins, engine foreman for
the C. H. & D. at Cincinnati was par-
tially scalded, Wednesday by the ex-
plosion of a gasoline engine which he
was using. The flames flashed into
his face but information brought
from Cincinnati, today, is to the effect
that he is not seriously hurt, and the
accident will not effect his eyesight.

NOMINATION

Of Thomas Berry a Pop-
ular Result

Of the Convention Which
Closed Yesterday.

The Candidate's Record in Van
Wert County Is an Excellent
One and Clearly Proves
His Worth.

The result of the senatorial con-
vention which adjourned at Wapakoneta,
yesterday afternoon, is one that is
generally satisfactory among the dem-
ocrats of the Thirty-second district.
Both nominees of the convention—
Hon. S. D. Crites, of Allen county, and
Hon. Thomas M. Berry, of Van Wert
county, are popular throughout the
district and their election by decisive
majorities next November is assured.
Nothing demonstrates Mr. Berry's
true worth better than his excellent
record in his home county where he
was twice elected county auditor re-
ceiving each time a majority of over
500 votes as a democratic candidate
while the remainder of county offices
were filled with republicans who were
elected with majorities of about 500
each. Prior to his election to the of-
fice of county auditor he lived on a
farm, when he still owns, situated a
few miles west of the Allen county
line.

SUCCESS

Crowned the Efforts of the
Eastern Star Ladies.

Splendid Entertainment Witnessed
by a Magnificent Audience at
Faurot's Last Night.

The kindness given in the Faurot
opera house last night under the aus-
pices of the local lodge of the Order
of the Eastern Star proved to be an
excellent entertainment and it was
witnessed by a magnificent and ap-
preciative audience. The large number
of young people including many
bright children all acquitted them-
selves in a very creditable manner
frequent bursts of applause testifi-
ng the appreciation of the ladies and
refined audience and tending encour-
agement to the entertainers. The
music as well as the costumes was
praiseworthy and the manner in which
the various figures were executed ex-
hibited drilling.

The entertainment was given by the
Eastern star ladies, for the benefit of
the fund they are creating for the pur-
pose of entertaining the delegates
who will attend the state convention
of the order to be held in this city
next fall. A considerable sum was
netted from the proceeds of the en-
tertainment.

To THE MAN WHO WANTS VARIETY
For Selection.

VARIETY is said to be the "Spice of Life." In the selection of a man's cloth-
ing, it is certainly the only spice that appeals to all tastes.

But VARIETY is one thing, and JUDICIOUS

VARIETY is another. No one who has seen our

stock would hesitate to assert that it presents not

only the greatest variety, but the BEST VARIETY

as well. There are no out of date styles here no

antiquated fashions, but the widest diversity of

all the new, dressy, stylish, elegant garments ever

appeared in Lima.

The man who buys here, can always feel

certain that he has the style best suited to his

individuality.

Schloss Bros. & Co., whose clothing we sell, operate
one of the greatest manufactories in America, and produce
more styles than any other concern in the country. Their
garments are famous as the "Best-Clothing-in-the-World,"
and all bear this label:
